

Mare Care at the farm, or at yours

Veterinary services for visiting mares, provided and invoiced directly by Newton Equine.

VETERINARY PACKAGES

On-site

Mare stays with us

\$1,500 + GST

\$1,650 inc. GST

INCLUDES

- Shared paddock boarding, daily hard feed and hay
- Worming treatment on arrival
- All uterine progress scans, to 45 day pregnancy confirmation
- Chilled semen package, up to two attempts

Mares are discharged at 45 days, once confirmed in foal. Daily agistment charges apply after 45 days.

Off-site

Plus travel to your property

\$400 + GST

\$440 inc. GST

INCLUDES

- All uterine progress scans, to 45 day pregnancy confirmation
- Induction medications
- Chilled semen insemination supplies and procedure
- Sterile lavage if required, and oxytocin medications

For mares served at their home property, attended by Newton Equine.

MARE TRANSPORT

Free within NSW

Subsidised from Queensland and Victoria

- Arranged once your stallion booking is confirmed
- Mares must be halter broken and safe to load
- Health and vaccination requirements met before travel
- Conditions apply, subject to availability

POTENTIAL ADDITIONAL COSTS

Laboratory work including progesterone, uterine biopsies, sterile uterine cultures, problem mare uterine treatments, and long term pregnancy medication such as Regumate.

Charged by Newton Equine as required, and discussed with the mare owner beforehand.

PLEASE NOTE

Both packages cover chilled semen. Frozen semen protocols are quoted separately, so please ask when you book.

TWO ACCOUNTS

Newton Equine

Invoices all mare costs directly: boarding, scans, insemination, medications and additional work.
